DIRECTIONS FOR HEALTH CARE PROFESSIONAL

Completing POLST
• Must be completed by health care professional based on patient preferences and medical indications.
• POLST must be signed by a Physician or Advanced Practice Registered Nurse (APRN) licensed in the state of Hawai‘i and the patient or the patient’s legally authorized representative to be valid. Verbal orders by providers are not acceptable.
• Use of original form is strongly encouraged. Photocopies and FAXes of signed POLST forms are legal and valid.

Using POLST
• Any incomplete section of POLST implies full treatment for that section.

Section A:
• No defibrillator (including automated external defibrillators) should be used on a person who has chosen “Do Not Attempt Resuscitation.”

Section B:
• When comfort cannot be achieved in the current setting, the person, including someone with “Comfort Measures Only,” should be transferred to a setting able to provide comfort (e.g., treatment of a hip fracture).
• IV medication to enhance comfort may be appropriate for a person who has chosen “Comfort Measures Only.”
• A person who desires IV fluids should indicate “Limited Interventions” or “Full Treatment.”

Section C:
• A patient or a legally authorized representative may make decisions regarding artificial nutrition or hydration. However, a surrogate who has not been designated by the patient (surrogate selected by consensus of interested persons) may only make a decision to withhold or withdraw artificial nutrition and hydration when the primary physician and a second independent physician certify in the patient’s medical records that the provision or continuation of artificial nutrition or hydration is merely prolonging the act of dying and the patient is highly unlikely to have any neurological response in the future. HRS §327E-5.

Reviewing POLST
It is recommended that POLST be reviewed periodically. Review is recommended when:
• The person is transferred from one care setting or care level to another, or
• There is a substantial change in the person’s health status, or
• The person’s treatment preferences change.

Modifying and Voiding POLST
• A person with capacity or, if lacking capacity the legally authorized representative, can request a different treatment plan and may revoke the POLST at any time and in any manner that communicates an intention as to this change.
• To void or modify a POLST form, draw a line through Sections A through E and write “VOID” in large letters on the original and all copies. Sign and date this line. Complete a new POLST form indicating the modifications.
• The patient’s provider may medically evaluate the patient and recommend new orders based on the patient’s current health status and goals of care.
