

Have you had
“The Conversation”?
LET’S TALK STORY!

A New Kōkua Mau Program for community organizations, churches and temples

Kōkua Mau is a community organization dedicated to helping people talk about their wishes for care at the end of life.

- *Have you talked with your loved ones about what matters most to you?*
- *Have you talked with your doctor about the kind of care you want to receive?*

If your group is interested in free interactive 2 hour workshops on this important topic,

contact Kōkua Mau to get “The Conversation” started:
