The "Our Care, Our Choice Act" takes effect January 1, 2019 in Hawai'i. The purpose of this workshop is to help health providers comply with requirements of the law and be able to provide an immediate, skillful and compassionate response to patient inquiries they may receive. The workshop will address person-centered care and end-of-life discussions as recommended by the American Medical Association, American Academy of Hospice and Palliative Medicine, American College of Physicians and other specialty societies.

- Objectives:**
- 1) Describe critical components of Hawai'i Law Act 2 (2018) "Our Care, Our Choice", including certification requirements by health providers
 - 2) Conduct conversations that thoughtfully and compassionately explore end-of-life goals and options with patients who have serious illness
 - 3) Access resources and information related to end-of-life care options, including resources specific to Act 2 implementation

Audience: Physicians, APRNs, nurses, psychologists, licensed clinical social workers and pharmacists, with emphasis on those who care for patients with serious chronic conditions
