Background Information about the Multilingual Hawaii Advance Directive

The Hawaii Advance Health Care Directive (HI AD) or ‘Advance Directive’ (AD) as it is commonly known, is a written statement about your future medical care. Starting May 2016 the HI AD is available in [10 languages] to facilitate the discussion for providers and loved ones, the HI AD is a bilingual document translated content block by content block.

Please keep in mind that most providers speak English only. To ensure that your wishes and instructions are understood and can be honored, please fill out your HI AD in [English]. In order to complete an advance directive you need to either have two witnesses or a notary public for it to be valid.

Important limitation: If you choose to complete the English portion of a bilingual HI AD, State of Hawaii regulations require a [bilingual Notary] to notarize your bilingual version of the advance directive.

“The notarization of a document that has been written in a foreign language should only be performed by a notary who has a thorough understanding of the foreign language in which the document and/or notarial certificate are written.” [...] Similarly, a notary should not notarize a document written in English if the parties to the document who appear before the notary do not appear to speak, read, or understand English.” Page 5, Notary Manual 2010.

Call the Notary Public Program (808) 586-1216 for a bilingual notary, or go to their website [https://notary.ehawaii.gov/notary/public/publicsearch.html] (‘Search Category’: choose ‘Language’ in the fold down menu and in ‘Search Terms’ type in the language you want).

Please call the notary public office if you have more questions regarding using a bilingual notary.

Two recommendations for completing your bilingual AD:

1) Use two witnesses to complete a bilingual HI AD. Witnesses cannot be health care providers (like a doctor, nurse or social worker), employees of a health care facility, or the person you choose as an agent. One of the two persons cannot be related to you or have inheritance rights.

OR

2) Use a bilingual notary.

PART 1: HEALTH CARE POWER OF ATTORNEY – DESIGNATION OF AGENT:
I designate the following individual as my agent to make health care decisions for me:

Name and relationship of individual designated as health care agent

Street Address

City

State

Zip

Home Phone

Cell Phone

E-mail

If I revoke my agent’s authority or if my agent is not willing, able, or reasonably available to make decisions for me, I designate the following individual as my alternate agent:

Name and relationship of individual designated as health care agent

Street Address

City

State

Zip

Home Phone

Cell Phone

E-mail

AGENT’S AUTHORITY AND OBLIGATION:
My healthcare agent should make decisions as I have instructed in Part 2 of this form or as I may otherwise provide orally or in writing. If there are decisions for which I have not provided instructions, I want my agent to make such decisions as I would have chosen to do, basing them on my values, goals, and preferences rather than those of my agent. If a guardian of my person needs to be appointed for me by a court, I nominate my agent.

WHEN AGENT’S AUTHORITY BECOMES EFFECTIVE:
My agent’s authority becomes effective when my primary physician determines that I am unable to make my own health care decisions unless I mark the following box.

☐ If I mark this box, my agent’s authority to make health care decisions for me takes effect immediately. However, I always retain the right to make my own decisions about my health care. I can revoke this authority at any time as long as I have mental capacity.

PART 2: INDIVIDUAL INSTRUCTIONS (You may modify or strike through anything with which you do not agree. Initial and date any modifications.)

A. END OF LIFE DECISIONS
   • If I have an incurable and irreversible condition that will result in my death within a relatively short time, OR
   • If I have lost the ability to communicate my wishes regarding my health care and it is unlikely that I will ever recover that ability, OR
   • If the likely risks and burdens of treatment would outweigh the expected benefits.

THEN I direct that my health-care providers and others involved in my care provide, withhold, or withdraw treatment in accordance with the choice I have marked below: Check only one of the following boxes. You may also initial your selection.

☐ I want to stop or withhold medical treatment that would prolong my life.

☐ I want medical treatment that would prolong my life as long as possible within the limits of generally accepted health care standards.
