

2018 Hawaii State of Reform Health Policy Conference

Hawaii State of Reform Health Policy Conference January 10, 2018 | Hilton Hawaiian Village

Like many things in Hawaii, health care is different than elsewhere in the U.S. The Hawaii State of Reform Health Policy Conference helps foster a dialog about the opportunities and challenges facing our health care system.

Join the largest, most diverse convenings of senior health care executives and health policy leaders across the state on January 10, 2018.

Reforming health care takes more than just hard work. It takes a solid understanding of the legislative process and knowledge about intricacies of the health care system. That's where State of Reform comes in.

State of Reform is working to bridge the gap between the world of health care and health policy.

We work to build the social capital required to improve the system – and break down silos and suspicions that sometimes arise in health care.

We rely on sponsors and partners that offer a broad base of support in which to build our events, including 2018 Hawaii event sponsors:

**HAWAII
