

# Patients with Serious Illness You Have Options and Choices

Choose Palliative Care, because you want:

- To live as well as you can for as long as you can
- More days comfortably at home and less visits to the hospital or ER
- To continue to fight this illness
- 24/7 telephone support for you and your loved ones
- Relief from distressing symptoms
- To have a clear understanding of your treatment options
- Your doctor to know what is important to you
