

Patients with Serious Illness

You have options and choices for care

Choose Palliative Care because you want:

- ***To live as well as you can for as long as you can***
- ***To continue treatments, therapy, surgery...***
- ***More days comfortably at home and less visits to the hospital or ER***
- ***24/7 telephone support for you and your loved ones***
- ***Relief of distressing symptoms like pain, trouble breathing and nausea***
- ***To have a clear understanding of your treatment options***
- ***Your doctor to know what is important to you***

On Oahu, Palliative Care services provided by:

- ***Bristol Advanced Illness Management***
- ***Islands Health Services Palliative Care Program***
- ***Malama Ola Health Services***
- ***Navian Integrated Care***
- ***St. Francis Supportive Care Services***

For more information about palliative care options, ask your doctor or visit/scan:
